Picking 'Our Game' Winners

Rep. Gerald Cohen, right, assists Paul Gmyrek, chairman of the Andover Center Merchants, with the selection of "Our Game" winners as the culmination of a weekend sales promotion last Saturday. First prize winner was Ann White who will receive a \$250 travel certificate; second prize, a season ticket to "The Game," went to Janet Cole and third prize, a 20-week ticket to "The Game," was awarded to George Welden.

Elderly Program Moves

The noon lunch program for Andover's senior citizens will be taking on rather a new look Monday, when it moves to the West Elementary School.

The senior lunches have been served at a bargain 50 cents for the past year, at East Junior High.

While East's downtown location had its advantages, Mrs. Doris Hudgins, director of The Haven, says West Elementary not only offers plenty of parking, but has only one floor so the seniors won't have any steps to climb.

In addition, she says, the program will be reaching people in West Andover who haven't had senior citizen services in the past.

While some transportation will still be available via The Haven's station wagon, Mrs. Hudgins hopes more seniors will car pool it to West Elementary.

North Andover has a "wonderful program," she claims, with 45 to 50 signing up for the lunches every day, and no transportation provided at all. The success, she says, is due to the fact that they pick each other up.

Andover residents who are 60 years old and older are eligible, she says, and menus for the coming week are printed each Thursday in the TOWNSMAN.

Those wanting to attend must make their reservations by 2 p.m. one day before as in the past, with reservations for Monday lunches due on Friday.

In addition to the place, the time will also be changed slightly. At West, lunch will be served beginning at 12:45, whereas it began at 12:30 at East.

Mrs. Hudgins paid tribute to the cafeteria staff at East who have, she says, provided "loyal and loving service." She also acknowledged the cooperation of Cafeteria Director Richard Barron, and Dr. Kenneth R. Seifert, superintendent of schools.

The main thing, Mrs. Hudgins says, is that the seniors are being provided with a hot lunch that really amounts to a nice dinner -- at the old price of 50 cents.

At least we know they're getting a good noon meal, she says, and a good hot meal at least once a day.

The other important thing, she said, is to get them out of the house, and to eat with others instead of alone.

Chamber Discusses Warrant

The Andover Chamber of Commerce met on Thursday, Jan. 23 with Assistant Town Manager, Sheldon Cohen and Representative Gerald M. Cohen, to review the articles being submitted for the warrant for town meeting.

President John J. Callahan expressed interest in several of the items and asked for further details before the board can endorse any of the articles.

Mr. Callahan also will initiate communications to all Andover Chamber of Commerce members, urging them to attend the town meeting, indicating that interest in the warrant is the only sound investment the community can make with its tax dollars. Members of the planning board also met with the directors to detail information on improvements for the Central Business District.

Mr. Callahan indicated that the gathering of all this information to be presented at the next Board meeting on Feb. 6 at the Andover Inn, will result in a decision on the conditions that will best serve the Town of Andover.

Employment Statistics Encouraging

Statistics released by the Division of Employment Security tend to offset the negative attitude widespread about the current situation in the Greater Lawrence area.

Figures through November 1974 indicate the Greater Lawrence area work force increased 3,700 people in November 1973. The Division noted that 3,400 more were working in November than 1973.

While the number of unemployed did increase during that period, November 1973-74, the unemployment rate for the Greater Lawrence area remained 8.2 per cent while the state percentage rose to 9.1 per cent.

in the week.

Other candidates for selectman include George W. Connors, Susan Comstock and George F. Lannan, Jr.

In the three-year contest for school committee, Arthur Aherne, Gary C. Townsend and Elaine Viehmann will be seeking the post being vacated by Committeeman William L. Lane who is not seeking re-election.

For the one-year term, David Ahouse, Elaine Howard and Pasquale C. Marino will be attempting to gain the seat vacated by John Wragg who resigned last fall.

Atty. William J. Dalton will be unopposed for re-election as moderator and John F. White will return unopposed to a five year term on the housing authority.

As of this week there is only one referendum item on the ballot, the question of approving beano.

Another question scheduled for ballot insertion may not appear, that of taking a poll on whether Andover should have one central business district. Asst. Town Counsel Fredric S. O'Brien has ruled that the question cannot legally be placed on the ballot.

The selectmen this week were attempting to provide a way for the question still to be

placed before the voters on election day in order to provide some guidance for future planning.

the Andover school system and definitive action on school financing to keep the cost of public education within the town's capabilities.

Divergent points of view on educational philosophies over the past several years have resulted in an atmosphere generally not conducive to the best interests of the Andover school system he states. He wants to concentrate the school committee's efforts towards positive action on educational matters in a cooperative effort with all members of the Committee and the school administration. To make the school committee a forum for discussion, not a platform.

Andover is made up of a broad spectrum of people both in age and personal income, all of whom are affected to varying degrees by the rapidly changing economic picture, the candidate feels. The question, "What level of education can Andover realistically afford?" must be addressed with a serious and conscientious effort.

David has lived in Andover the past 4½ years with his wife Harriet and their three children, Barney a fourth grader at West Elementary, Lori a first grader at West, and David Jr., a preschooler.

Dr. Ahouse is currently employed at the Avco Everett Research Laboratories in Everett, as a principle research

scientist and program manager. He received his B.S. degree in Mechanical Engineering from Lafayette College and his Ph.D. in Aerospace and Mechanical Sciences from Princeton University.

Essex St.

(Continued from Page One)

It has been stripped down to the original brick walls.

To get the proper effect, some hand hewn beams have been obtained from a West Andover barn owned by law partner, Atty. Asoian's family.

The new professional office will have interview, conference and secretary rooms on the first floor and the actual law offices on the second floor.

The particular structure is listed on the original map as being the post office building.

Atty. Dalton feels that this was possibly the storage area for the Andover post office, when the Andover railroad station was across the street at the site of what is now the Theater building.

The property was listed for many years as the Gillis house and was a single family residence.

The properties were owned for about 30 years by Samuel Resnick and in recent years were acquired and renovated by John Davidson, from whom Dalton made the recent purchase.

The property at 10 Essex Street contained the Grand Army of the Republic meeting hall for many years and on the third floor there are still remnants of a meeting hall.

Dalton has a lease-option on this property with eventual purchase anticipated.

Howard

reduced tax rate; (2) mastery of basic skills and strengthening of curriculum content; (3) improvement of all facets of discipline; (4) system evaluation and; (5) parent's "right to know."

She feels strongly that in recent years the increase in school expense has been far in excess of any gain in the quality of education. She favors maintaining as an upper limit the recently reduced school tax rate and establishment of a formula to provide the town consistently with a prudent conservative budget.

Mrs. Howard is confident that, within such a budget, a program which accents course content and mastery of the basic skills can be fully implemented. The core of this program would be sharply increased emphasis on mathematics and on the communicative skills (reading, writing, spelling, speaking and listening), all of which she feels have suffered during the last few years of experimental and laissez faire education. Such a program would be supported by high quality textbooks and a realistic program of home study.

She strongly advocates educational and personal discipline as an important element in a young person's development and feels that the school system should continue to strive to improve young people's respect for the rights of others, for themselves, for property and for their environment.

Mrs. Howard is concerned that parents are losing control over their children's education and therefore their children's future. She strongly supports continuous evaluation of the educational programs as well as administrator and teacher performance. Furthermore, she believes in using national standardized testing as well as system wide internal testing as tools for evaluation.

Long a spokesman for

parent's "right to know," she would consistently advocate providing families with straight forward reports of pupil progress as well as providing the town with a full, open accounting of administrative actions and meetings, and continuous exposure of budget positions and state reimbursements.

Mrs. Howard holds a BS degree from Teachers College, Columbia University, and an RN from Vassar Hospital School of Nursing in Poughkeepsie, New York where she was staff nurse, ass't. head nurse and supervisor. Additionally, she was a nursing instructor at Vassar Hospital School of Nursing and St. Luke's Hospital School of Nursing in New York State.

She has served on the Math (IMS) Study Committee and the committee to formulate school drug policy for the Andover School Committee. President of the Shawsheen School P.T.O. 69-71, she remains active on the board. She also served on the West Junior High School Parent Council, the P.T.O. Advisory Council and as a parent representative on the High School Student Advisory Council.

Schools To Decide Use

(Continued from Page One)

site being possibly used for expansion, would result in costs which should be determined before any action is taken in that direction.

Austin has indicated that the present town hall can be expanded to an additional floor and also an addition to the rear of the building, according to architectural surveys which indicate the building is structurally sound.

The chairman said the proposal to be introduced by the board is the suggestion of Selectman Janet D. Lake.

He added that in any consideration, all cost factors would have to be considered.

In noting a feeling on the use of the present town house, there would more than likely be requirements of installing elevators, if an additional floor were added.

As for the East Junior High building, it was mentioned that this too, could act as a civic center for the town, with the availability of the auditorium which is used for town meetings annually.

Thoughts on the use of East Junior High as a government center are not exactly new, the thought having been considered a few years ago, as part of new school planning.

'Mystery of The Mass' To Be Presented

St. Augustine's Church is presenting a "unique theological and dramatic event" Saturday, with the Munich Mystery Players' performance of Calderon's "The Mystery of the Holy Mass."

The Players, founded and directed by Ernest Jurina, will perform an English adaptation of this traditional religious "mystery" play.

These plays, dramatic homages that were often given on the feast of Corpus Christi, are based on Biblical and hageographic themes which depict the relationship between man and God and in the Old and New Testaments. They combine the religious and artistic, and

symbolism is highly important. Calderon, the most sophisticated playwright of the Renaissance Spain, wrote 70 mystery plays.

Jurina, and his Players revived Calderon's play in 1949, adding modern staging and lighting. It has since been performed throughout Europe and was brought to the U. S. two years ago.

Saturday's performance will begin at 7:30 p.m. in St. Augustine's Upper Church. Tickets, with special rates for students and senior citizens, are available at St. Augustine's rectory, or through Ed Annick, ticket chairman.

Knights Host Hamilton Friday

By Bill Lafond

The Scarlet Knights must be at their best on Friday night when they play the Hamilton-Wenham Generals (9-2) at the N.A. Fieldhouse in a 6:30 J.V. tap-off. Varsity starting time is 8 p.m.

Hamilton is making their fourth visit to North Andover this season, having appeared here in the Cape Ann Jamboree and the two night holiday festival. This has become a ritual Cape Ann rivalry, as both of these teams have knocked heads for the past two years trying to get that number one spot.

The Generals own the East division once again, leading at 8-1. They lost their first game of the current season last Friday night at Lynnfield 62-59 in a hard fought game. Led by successful coach Sherm Kinney, Hamilton is a vastly improved quintet. The key to their success this year has been their size, having two of the premier players around in Dave King (6'5") and Nils Pearson (6'5") up front. Pearson is the only returning starter from last years great team and is an all-league candidate, averaging 12 points and 12 rebounds. King is rated by many as a blue-chip perennial center in the state, and coming off a leg injury early in the season, he is averaging 14 points and 10 rebounds.

The Generals have an injury in 6'4" forward Paul Ricker, who probably won't see action. Taking his place has been Dan Schwaegerle (6'1") and he has done a fine job. In the back court are Mike Archer and Stan Snavely. Snavely is a small but quick guard who is the floor general and sparks the team with his clutch hoops. Coming off the bench, try this for size: Mike Johnson (6'7"), Joe Peltier (6'4"), Alan Carter (6'4") and Charles Poole (6'3").

The Knights will be at full strength on Friday, with the only exception being Brian Smith, who is still hampered by a slight fracture of the wrist. Probable starters for the Hamilton clash will be: Mike Heafey (6'5") at Center, Tom Teichman (6'2") and Tom Enright (6'1") up front, and Dick Licare (6'1") with Ron Rudis (5'10") in the back-court. Licare has been averaging 15.7 in points, 10.0 in assists, and 7.3 in steals. Teichman is averaging 13.9 points per game and 12.2 rebounds, while Heafey is hitting at 13.5 points per game, and 10.1 rebounds an outing.

On Tuesday, Hamilton-Wenham hosted Newburyport, while the Knights had Amesbury at home. If N.A. won on Tuesday they would qualify for the State Tourney for the 18th time in 19

years, and the 11th straight year.

Knights down Pentucket 72-50
North Andover moved to within one game of qualifying for the State Tourney as they ran past Pentucket 72-50 at the N.A. Fieldhouse last Friday night.

Leading the surge was Junior 6'5" Center Mike Heafey, who scored 22 points and pulled down 14 rebounds. Tom Teichman scored 16 points and had 17 rebounds; Dick Licare had 11 points, 15 assists, 10 steals, and 7 rebounds; Willie Morgan had 9 rebounds; and Tom Enright had 8 assists.

The Sachems were led by Tim Shorey and Bob Gregory with 17 and 15 respectively.

North Andover jumped out to a 17-10 first quarter lead led by Licare's five points. Shorey had all of Pentucket's 10 points in that frame. The Knights hiked the lead to 37-25 at half-time with a balanced scoring lift. Dana Moody had six for the Sachems in this quarter.

The red and black came out like gang-busters in the third quarter with Mike Heafey (13) and Tom Teichman (8) leading the attack. They out-scored Pentucket 25-10 in this frame as they just about sealed the victory leading 62-35 going in to the fourth quarter. The finale saw the Knight reserves battling it

out with Pentucket, only to get out-scored 15-10. Gregory led the Sachem finale with 11 while Ed Conway tossed in four for the Knights.

The big plus in this victory was the N.A. board control. They had 66 team rebounds. The N.A. five also shot 31 for 60 from the floor for 51%, while Pentucket was limited to 19 from the floor. The Knights also shot 50% from the line, hitting on 10 of 20. Pentucket shot 12 of 15.

The Sachems dropped their record to the .500 mark at 5-5 overall and 5-5 league.

The Knight J.V.'s had their toughest league game of the year as they defeated Pentucket 67-58 in a hard fought contest. Rich Haltmair (22) and Tim Keegan (19) led the cause, while Gulezian (18) and Benton (16) led Pentucket. The N.A. underclassmen boosted their record to 10-0 in the C.A.L. and 10-1 over-all.

In other C.A.L. games on Friday, Lynnfield defeated Hamilton-Wenham 62-59, Newburyport downed Rockport 51-48, Mauchester beat Amesbury 69-62, Ipswich turned back Georgetown 63-56, and Masconomet edged Triton 64-51.

Hoop Notes

The N.A. Five are now 10-0, leading the C.A.L. West, and 12-1 overall (before Tuesday's game). The Knights may hold the record for most State Tourney appearances (18 out of 19 years). Under Coach Licare they have appeared 13 of 14 before this year, with the only year he missed being a technicality. That, in 63-64 as they finished 12-6, but defeated a team twice, which didn't count toward their record overall.

The Frosh basketballers won

two more last week, their eighth and ninth. They defeated Triton last Wednesday and romped on Pentucket last Friday. Under coach Jim Sheehan they have a record of 9-1 and are led by Mike Laorenza, Bill Smith, Kevin

W. Parish Continues To Pace Senior Division

By Rick Harrison

It's beginning to look like West Parish's year in the Senior Division of the Andover Church Basketball League, as last week's action at the West Junior High gym left the two West quintets 1-2 in the standings with everyone else giving chase heading down the homestretch.

West Parish B continued perfect with a 5-0 ledger, while West Parish A notched its third straight triumph and now stands 4-1 overall. Three other teams are still in the thick of the title race with two losses each, however.

Goodman Hot

Guard Ed Goodman turned in his own top effort of the season for West B, pouring through 17 first-half points and 20 in the game as the frontrunners belted Ballardvale United, 60-13.

The score was 21-1 after the first quarter and it built from there.

Backing the Goodman express was big Jeff Smith with 17 points. Last week's hero, Jim Wetterberg, and Joel Smith netted 8 markers apiece.

Dave Hill came out of the hockey nets long enough to stuff in 3 points, and solo buckets were flipped in by Gary Johnson and Brian Staid.

Answering fire for United was supplied by George Rouff with 6 points, Paul Hempstead with 4, Dave Wilson a single basket and Scott Matheson swished a first quarter charity toss.

Last Period Outburst

West Parish A exploded for a 17-2 scoring burst in the fourth quarter, shaking stubborn St. Robert's B for a 44-26 victory.

West held tenuous 7-6, 12-9 and 27-24 leads at the first three check-points before going crazy.

Andy Campbell was game-high scorer with 18 points for West A, 11 of which came in the third period. Randy Hayman also reached double digits with 13, and was the big man in the last stanza with 6 points.

Chris Elliott chipped in 6 markers, Jeff Rosen 4 and Mike Donahue canned 3 for the victors. Pete Newton and Mark Paro were defensive standouts.

Frank Griggs countered by hooping 10 points for St. Robert's B. John Amboian stuffed 7, Mike Terrion 4, Mark Lalonde was

stifled with just 3 points and Paul Weitz delivered a third canto basket.

Dropping A Rung

St. Robert's A squandered a chance to stay within on-half game of first place, dropping a 37-29 decision to St. Augustine A.

This one was all tied at 12-12 entering the third quarter, but the winners' parlayed the talents of Jim Arnold and Jim Morin into the victory.

Morin finished the contest with 16 points, 12 of them in the last half, while Arnold dunked 12 as the second St. Augustine player in twin figures.

Bob Beaudine pitched in 3 points for the winners, while single buckets were banked home by Terry Schwing, Andy Sambuco and Rich Gusmini.

The St. Robert's loss was no fault of consistent lefty Chris Fortune, who produced in every period and closed with a share of game-high honors by tossing through 16 points.

Carmen Frederico hit the strings for 6 points, Scott Praetz had 4 and big Dan Bradley zinged the nets for 3 markers. Billy Ray also played well.

Spreading It Around

St. Augustine C spread its scoring among nine different players, storming past South 50-15 after racing to a prohibitive 20-2 first quarter advantage.

Mark Sampson guided the nine-pronged offense with 16 points, 12 coming in the opening seven minutes when the issue was really decided.

Dave Valley pushed in 11 for the victors, while Dan Caselden and John Walsh arched through 6 points apiece. Bill Walsh muscled home 4 points while Keith Sampson, Chris Parker and Bob Oelwang chipped in solo field goals.

A second quarter free throw connection by John Perowski wrapped up the St. Augustine C charge.

Scott Hughes once again had the hottest hand for South with 8 points. Bob Kilgo jammed through 4, John Sagaser put down his hockey stick for 2 points and Ted Bertholdi swished a second period charity toss.

Contributing hustling floor games for South were Steve Mosher, Chris Carlson, Doug Mesler and Jeff Wolfe.

Silva Stays Hot

St. Augustine B followed the sharpshooting of cat-quick guard Manny Silva to its second straight victory, edging hard-luck Free Church 24-22.

Free had a late rally fall just short for the second consecutive week. St. Augustine led 10-2 after one quarter, 14-8 at the half and 18-10 when the third stanza closed. Free came with a rush to out-score the victors 12-6 over the final seven minutes, but it wasn't quite enough.

Silva scaled double digits again to lead all scorers with 14. Mike Brennan fired through 4 points, and single floor shots were pocketed by Mike Lynch, Tim

O.T. Thriller Sparks Action In Intermediates

By Rick Harrison

An overtime thriller, a stunning last minute comeback and the fall of one previously - undefeated team kept the action interesting this week in the intermediate Division of the Andover Church Basketball League.

Nine games were played at the East Junior High and Doherty School gyms, as the division moved through the seventh week of its 17-game schedule.

Saunders The Hero

Danny Saunders tied the game up with a late bucket just prior to the end of regulation time, then tossed through three points in overtime to spark once-beaten St. Robert's A to a 30-25 thriller over upset-minded Ballard Vale United.

Ballard Vale raced to an 8-2 first quarter lead behind lefty Bob Heidt's 6 points, but St. Robert's battled back for a 13-10 lead at halftime. Six more by Heidt made it 18-17 United after three periods, setting the stage for a seesaw fourth quarter finally tied on Saunders' corner shot.

St. Robert's A, winners of five straight, proceeded to outscore United 5-0 in the two-minute overtime as Saunders hooped 3 points and Rich Danner canned a brace of clutch charity tosses.

Saunders closed as high man for the winners with 13 points, mostly on corner shots. Steve Lietch netted 8, Danner 4, Alex Lano 3 and Craig Lebowitz threw in a key fourth quarter bucket.

Paul Tassanari and John Hanna also contributed hustling defensive performances for St. Robert's A.

Bob Heidt finished as game-high marksman with 17 points, mostly on quick-driving lay-ups. Carolyn Darling pumped through 4 markers, Jay McLeod 2 before fouling out, and Todd McLeod also had a field goal for hard-luck United.

Stunning Reversal

Perhaps the comeback of the season was recorded by St. Augustine A, which caught fire in the final 90 seconds to erase a 13-7 deficit and squeeze past tough-luck West Parish B, 15-13.

Doing all the late damage for the winners, now 6-1 overall, were Fred Foote and Steve Smith who combined talents for the final eight rapid-fire points.

Foote closed as the top scorer with 8 markers, while Smith notched 4 and Tim Bolduc managed 3 points. Jeff Fleming and Pat Paris also played well for St. Augustine A.

Tim Plass had a fine night for West B with 7 points, several blocked shots and a number of rebounds. Solo baskets were also stuffed by Tom MacDonald, Scott Nolin and Alex deConstant.

Defensive sparkplugs for West B included Jeff Saulnier, Jim Kimball and Steve Johnson.

Something Had To Give

The undefeated ranks dwindled to four after St. Augustine G (7-0) handed Baptist (4-1) a 30-11 loss.

Ted Kelley and Mike Yuska co-authored the easy victory with 10 points each, while Mike Curley dunked 6 markers and Tim Corkery pocketed two baskets for St. Augustine G.

Dick Kelley and John Parker also helped bolster the winners to a commanding 16-2 halftime bulge with solid defensive performances.

Tom Stedman and Barry Bloom countered for Baptist with

4 points apiece, while Steve Rathbun was held to 2 points and Rizzo had a free throw connection.

Cruising To No. 6

Undefeated St. Robert's C cruised to its sixth straight victory with a 23-10 decision over sister-club St. Robert's D.

Divisional scoring leader John McNamara hit double figures once again, pouring through 12 points to key the C-team triumph. Big Ira Gold was right behind with 7 markers, and single floor shots were arched in by Todd Zimmerman and Jamie Lebowitz.

Bob Santos, Richie Griffin and Gonsalo Cabral also starred.

St. Robert's D was a two-man operation this week, as Vinnie Keegan popped through 4 first-half points and Ben Bram collected 6 second-half markers to complete the offense.

Frank Byrne, Jeff Lindquist and Richie Adams were additional D-team leaders.

Keeping Pace

St. Robert's B continued to win the close ones, slipping past St. Augustine E by a slim 16-143 margin.

The victors were riding atop a 14-6 edge entering the last period before the E-squad made a late rush for the winners' circle.

Gregg Praetz fired in 6 points for St. Robert's, while Jeff Nicastro and Howie Lebowitz canned 4 each. Ken Saliba added a third period bucket and Joey Buzzert was a defensive standout.

Dave Robinson was the primary answering fire for St. Augustine E with 9 points. Tommy Galvin and Kevin Donnelly stuffed 2-pointers also.

Sirois Returns

Paul Sirois returned to the St. Augustine B lineup after a hand injury and pumped in 9 markers to spearhead his team past the Christ church Crusaders, 17-12.

The tussle was close for three quarters before the winners gained some breathing room by posting a 7-3 fourth period scoring edge.

Bill Caselden hooped 4 big points in the finale and Brian Moriarty also had 4 markers to guide St. Augustine B.

Defensive stalwarts included Alex Gioia, Pete Walsh and Chris

Kelley.

Mark Rogers powered the Crusaders' all-out effort by dumping 9 points through the nets. Mark Frost and Dave Menard aided the losers with a bucket and charity toss respectively in the fourth quarter.

The Crusaders also received fine floor games from Ken Taylor, Todd Lockwood, Russ Lewis, Roger Fitzgerald, Chris Connors and Mark Mitchell.

St. Amand Hot

Roger St. Amand (who we've been incorrectly calling Roger Starmand) hit all of his game-high 8 points in the opening half, as St. Augustine D raced to a 14-2 lead at intermission and then coasted to a 26-14 conquest of South.

E.J. Perry stuffed 6 points, Ed Trainor 4 and solo baskets were pocketed by the winners' Pat O'Connor, Mike White, John Ingemi and Mike Dufresne.

While they took care of the well-balanced St. Augustine D offense, the defensive effort was assisted by Mike O'Connor and Danny McDuffy.

South put its attack into high

gear during the final period with 12 points, but it was too little too late.

Robbie Serbagi was the big gun with 6 markers, Bruce Barnhill remained consistent with 4 points, and Pete Zlatev notched 4 also.

Third Straight Win

St. Augustine C moved to its third consecutive triumph with a 24-17 decision over sister-club St. Augustine F.

Just about everyone figured in the winners' scoring with points credited to Jim Torrisi, Chris Bedell, Glenn Reichert, Steve Paradis, Richie Sambuco, Chris Reichert and Mark Paradis.

Schedule

Nine more games are slated for next Monday evening, and two key encounters feature St. Augustine G against St. Robert's B in a battle of unbeaten teams, and Baptist (4-1) against St. Augustine A (6-1).

Hat Trick Sparks Bantams

By Rick Harrison

Some timely sharpshooting by 13-year-old Paul Farnham pulled the Andover Bantam 'A' traveling hockey team out of a tailspin, as his three-goal "hat trick" powered the locals past Rochester, N.H. last Saturday to snap a five-game winless skein.

Earlier in the week Coach Dick Neal's club was drilled 7-1 by the Melrose 'AA' Junior Reds, spoiling their perfect home ice record, and again 6-0 by the strong Worcester Bantams.

The results left Andover with a 5-5-2 overall mark, including a 4-1-1 ledger at home and a 1-4-1 mark on enemy ice.

Melrose, 7-1

"Melrose is a much stronger team," admitted Coach Neal, who earlier in the season watched his club fall to the same Junior Reds by an 8-4 count.

In beating Andover at Merrimack College's Volpe Rink to end the home ice undefeated string, Melrose fell behind 1-0 before busting loose.

Len Foote put the locals on the scoreboard at 3:30 of the opening canto, pocketing his ninth goal with help from John Sagaser.

Sagaser broke up a Melrose rush outside the visitors' blue line and shoveled the disc to Foote, who stickhandled into the zone and scored from a sharp angle by hitting the upper far corner of the cage.

Melrose pulled even 50 seconds later, beating starting Andover goalie Dave Hill with a 20-footer from the slot as the man was left uncovered by the locals' defense. The winners took the lead for good eight seconds before the end of the period on a rebound shot from in close.

Melrose jumped the score to 5-1 after two sessions, solving Hill with a third rebound, a wristor from the slot area and a 40-foot slapshot.

Todd Bateson was the victim for the last two goals in the third period, one a powerplay and the seventh red-lighter a point-blank slapper.

"We had our best chances in the first period, but not many after that. We still experienced a lot of trouble clearing our zone," concluded Neal.

Worcester, 6-0

There isn't much to tell here, as Worcester struck for three quick goals in the middle period and added three more in the finale to handle Andover easily at the Worcester rink.

"There were 17 minor penalties and two misconducts in the game," noted Neal. "But in spite of 10 man advantage situations for us, we managed only 16 shots on net for the entire game."

Dave Hill was the victim of questionable support as he worked the whole game in the nets.

Rochester, 5-3

Andover followed Farnham's fancy stickwork to its first road victory, but it wasn't until midway through the last period that the locals pulled away for good.

"It was a much better all-around effort," observed Neal. "Everyone worked hard for three periods, and we received an especially fine game from John Sagaser (two assists)."

Farnham shot Andover into a 1-0 first period lead with a powerplay goal at 1:10. The unassisted red-lighter came when Paul intercepted a Rochester clearing pass outside the blue line, moved to within 15 feet and picked out the upper far corner.

Farnham lifted the lead to 2-0 at 2:26 of the second stanza. Don St. Jean carried the puck up the sideboards, and fed Paul in the slot for a 10-foot drive to the near corner.

The Granite State sextet closed to 2-1 just 46 seconds later, as an Andover clearing pass was swiped in the slot and a quick 15-foot slapper beat Todd Bateson to the top left corner.

Rochester pulled even 2-2 at 2:00 of the third period, but Farnham completed his first Bantam "hat trick" with his eighth seasonal goal at 5:15 to shove Andover ahead for the duration.

"The goal came during a line change," recalled Neal. "Sagaser did some hard digging in the corner and fed a pass to Farnham stationed out front."

Capt. Dave Farrell ended a brief personal goal-scoring drought at 8:35, tucking home the game-winner with help from Sagaser.

Farrell took an opposite wing pass from Sagaser, split the Rochester defense, and drilled the disc into the upper right corner for his eighth lamplighter.

A defensive mistake by Andover cost it an unassisted Rochester goal at 9:00 to cut the lead to 4-3, but Len Driscoll's seventh re-lighter with just 30 seconds to play added the necessary insurance.

"Rochester pulled its goalie with 1:10 to play," explained Neal. "After two faceoffs in our end the puck was cleared down ice. Rochester recovered before it was icing, and Driscoll moved in to steal the puck behind their net. All he had to do was skate around front and push it into the open net."

Bateson went the distance in

goal for Andover.

Warriors Blast Lowell, Tie Methuen

By Rick Harrison

Coach Dick Valle's Andover High hockey team, forced to settle for an unexpected 3-3 draw against Methuen in its lone Merrimack Valley League contest last week, found non-league play more to its liking following a 7-4 blasting of Lowell High two nights later.

Capt. Steve Hillmann went on a four-goal scoring rampage in the latter game.

The Golden Warriors, who have lost just one of their last five starts, thus moved to 3-5-2 in league action and 4-5-2 overall.

Methuen, 3-3

Methuen, the best of the new MVHL entries within recent years, erased an early 3-1 Andover advantage and rode the sharp reserve goaltending work of Curt Goulet to the deadlock.

The Warriors jumped ahead 1-0 on junior defenseman Dale Crossan's first seasonal goal a mere 34 seconds after the opening faceoff.

Crossan took a pass from center John Shaw on the left side, and fired a 30-foot wrist shot that starting Rangers' netminder Bob Daigle watched break off his stick into the cage.

Methuen tied it 1-1 at 2:13, however, when Art Soucey tipped a Dave Frasca pass behind AHS complete-game goalie Steve Fabiani.

Gerry Cushing put the locals back on the plus side 2-1 seven seconds after the ensuing center-ice faceoff, drilling home a hard 25-foot slapshot from the top of the right faceoff circle inside the Rangers' zone.

Sophomore John Fahey and rear-guard Len Taylor garnered assists on the red-lighter, Cushing's second of the campaign.

Andover players may have had visions of a rout when Capt. Steve Hillmann's lamplighter at 9:29 of the opening canto boosted the lead to 3-1, but as it developed that was to be the final goal for the Warriors.

The consistent AHS captain, who has scored a goal in all but two games thus far, delivered here on the powerplay during a wild scramble at the Methuen goalmouth.

Mark Farnham and sophomore defenseman Joe Pasquale, who took the original shot, were credited with the helpers.

Methuen Bounces Back

Coach Bruce Parker's city skaters struck back at 10:24 of the opener, cutting the deficit to 3-2, when defenseman Rick Angus skimmed a "seeing-eye" 50-foot backhand through a maze of skates and behind the surprised Fabiani.

Methuen eventually pulled even at 3-3 midway through the second period. Gerard Comtois took a shot and Fabiani moved 10 feet out to make a crouching save. However, Ken Schelling poked the puck loose to Jeff Edwards, who tucked the disc home while Schelling still had Fab tied up in front.

Although enjoying a 14-7 shooting edge in the second period to go with a 14-8 first stanza spread, Andover was unable to solve the red-hot Goulet.

The third period passed in scoreless fashion with both goalies assuming the spotlight. Fabiani kicked aside 10 shots and Goulet stayed perfect with eight saves.

The game closed with the Warriors outgunning the Rangers, 36-25. Fab finished with 22 stops, Daigle had 11 and Goulet 22.

Andover, a 6-4 victor over Methuen the first time around, closed its season series with a 1-0-1 edge over Parker's pack.

Lowell, 7-4

Lowell, which slipped to 4-4-2 after losing to Andover, was victimized by an outstanding four-goal performance from Steve Hillmann and the sudden ineffectiveness of inexperienced goaltender Dick Stec.

Hillmann, who upped his

seasonal goal production to 14, struck twice in each of the first two frames.

Stec had never played goal in his life prior to three weeks ago, when he started against a strong Chelmsford team and made 45 saves in a 3-3 tie.

He followed that with 30-plus stops in a 2-1 Lowell victory, and 27 more in a 4-0 win over tourna-

ment - bound Nashoba Tech of Westford.

Andover became the first team to solve the fledgling netminder, pouring in five goals before Stec was lifted midway through the game.

Paul Derby potted his second goal of the year on an unassisted maneuver at 4:08 of the first period, and six minutes later

Hillmann made it 2-0 with set-up feeds from center Keith Marvin and Dale Crossan.

Hillmann's second goal, assisted by Sparky Farnham and rangy defenseman Kurt Anderson, boosted the Warriors' edge to 3-1 after one period of play at Lowell's John Janas Memorial Rink.

Hillmann collaborated with linemate Marvin 33 seconds into the second frame, zipping the lead to 4-1 and completing Andover's first "hat trick" of the season.

After Lowell came back to beat goalie Brian Moore, Hillmann teamed with Farnham and Marvin on a beautiful passing play capped by a short chip shot into an empty corner for a 5-2 bulge.

Farnham pumped in the Warriors' third shorthanded lamplighter of the campaign, and Marvin tipped in defenseman Rob Look's backhand moments later for a prohibitive 7-2 AHS cushion entering the third period.

Schedule

Andover returned to MVHL action yesterday afternoon, after TOWNSMAN presstime, dueling improved Wilmington at the Billerica Forum.

Braves Cruise To Fourth Straight In Church League

The Braves continued to look invincible in the Junior Division of the Andover Church Basketball League, cruising to their fourth straight victory in action last week at the East Junior High gym.

Meanwhile, the Sonics and Knicks also won to stay hot on the leaders' heels with identical 3-1 ledgers.

Vickers Delivers

Young Billy Vickers, son of Andover High football-basketball-baseball coach Bill Vickers, powered the Braves 17-4 conquest of the St. Augustine Bullets by netting a game-high 8 points.

Robbie Slayton added 4 markers for the winners, now 4-0, while Bobby French and Ron Lindquist dumped in 2-pointers. A second quarter free throw by Marc Bolan completed the offense for the St. Robert's based Braves.

The Bullets cracked the scoring column in the final stanza thanks to buckets from Ken Doherty and Richie Quintal.

Other standouts in a losing cause were Jim Wiseman, Mark Nardone and Mike Surrence.

Sonics Explode

The St. Robert's Sonics used some deft outside shooting and quick passing to sink the St. Augustine Pistons, 24-10.

Tony Romano, son of the former Tewksbury High varsity hoop coach, and Jim Terrier poured through 8 points apiece on a variety of outside pops and layups for the Sonics.

Tom O'Brien and Neil Saunders fired in 4 points each to complete the winners' attack. Jim Pace and Todd Stein also played well.

Countering for the Pistons were Charlie Frazette, who notched 4 markers, and the trio of Tom Bolduc, Jeff Fox and Robbie Harrison with single baskets.

Dave Ciati and Kenny Flynn helped the Pistons' cause with hustling performances.

Defensive Struggle

The St. Robert's Knicks won a

tight 6-2 defensive struggle against the "conglomerate" Celtics.

Pumping in key single buckets for the Knicks were Todd Sleath, Jon Bram and Steve Cove. Phil and Joe Puccia also spearheaded the defense.

The only answering fire, from the Celtics was a second quarter basket by Charlie Ziegenbein, but other top-notch players included Greg Saulnier, John Baer, Rick Desmarais and Steve Holt.

Second Week

A look back at the second week of play, heretofore unreported, shows that the Braves blanked the Pistons, 21-0, the Knicks dumped the Bullets, 10-4, and the Sonics unloaded on the Celtics, 20-2.

Braves' leaders were Bill Vickers again with 8 points, Marc Bolan 7, Robbie Slayton 4 and Bobby French 2 points.

Sparking the Knicks past the Bullets were Jon Bram with 6 points and Phil Puccia 4. Pete Scanlon notched 2 markers for the Bullets, and solo free throws were garnered by Ken Doherty and John Young.

The Sonics triumph over the Celts saw Tony Romano can 10 points, Eddie Damphousse 6 and Tom O'Brien 4. Rick Desmarais had the lone Celts' basket.

Schedule

Junior Division action resumed last Tuesday night, after TOWNSMAN presstime, with the Pistons facing the Celtics, the Bullets meeting the Sonics and the Knicks colliding with the Braves.

Next Tuesday evening at East Junior High it will be the Sonics-Bullets, Knicks-Braves and Pistons-Celtics again for their second go-around.

Knights Qualify For State Play

By Bill Lafond

The Scarlet Knights qualified once again for State Tournament play, demolishing Amesbury 81-35 Tuesday night at the N.A. Fieldhouse.

It marked the 18th time in the last 19 years and the 14th of 15 under Coach Licare. N.A. has also qualified now for 11 straight seasons as the last time was '63-64 when the Knights didn't make it due to a technicality. They finished with a qualifying record of 12-6 that year, but two victories didn't count under the headmaster's rule. This season the Knights are now 13-1 overall and 11-0 in the Cape Ann.

The Knights didn't have any trouble with Amesbury. Dick Licare led the team with 25 points, 11 assists, 7 rebounds, and 4 steals. Mike Heafey had 13

points and 9 rebounds; Tom Teichman had 8 points and 15 rebounds, and Willie Morgan had 7 points and 9 rebounds. No. Andover controlled the boards in this one and played a very tough defense, having a total of 38 team caroms.

The red and black jumped out to a 22-3 first quarter lead as Licare pumped in 10 points. They strolled through the second quarter and led 36-14 at halftime. Heafey had five in that frame to lead the Knights.

The Knights came out flying in the third quarter out-scoring the Fighting Indians 22-12. Licare (12) and Teichman (6) led the Knights while Brian Hamel, Tom Boody, and Mike Soucy had four each for Amesbury. The final quarter saw reserves see the action as the N.A. red-wreckers

won out 23-9. Rich Connor and Ed Conway led the cause with eight and six respectively.

Another downfall for Amesbury was Chris Begin (6'4 center), a 22 ppg. scorer, hurt his foot early in the second quarter and could be out for extensive time.

Nobody reached double figures for Amesbury, with the Knights playing a tough defense. Mike Soucy led the Indians with eight while Brian Hamel pumped in six.

The Knights shot 33 for 63 from the floor for 52% and 15 for 23 from the line. Amesbury was held to 13 from the floor and made good on 9 of 15 from the line.

In the J.V. game, it was N.A. 48 Amesbury 26. Mike Chaput and Dan Chaisson led the underclassmen with 21 and 12 respectively. They're now 11-1 overall and 11-0 in the C.A.L.

Standex Earnings At Record

Standex International Corporation (NYSE) announced record sales, earnings and earnings per share in the six months and second fiscal quarter ended Dec. 31, 1974.

Daniel E. Hogan, president, stated that "fiscal 1975 will be a good year for Standex, but it is obviously impossible to make any specific projections as to just how good it will be." He said that "Standex - like all companies - is now feeling the effects of the widespread recessionary and inflationary pressures, so it isn't possible to predict the next six months."

In the six months ended Dec. 31, net income rose to \$3,504,000 or \$1.28 per common share, up 6 per cent from last year's \$3,315,000 or \$1.21 per share. Sales amounted to \$92,002,000, up 5 per cent from \$87,815,000 a year ago.

In the second fiscal quarter, net income amounted to \$1,945,000 or 71 cents per share, up 14 per cent from \$1,919,000 or 70 cents per share in the prior year. Sales rose to \$47,600,000, up 2 per cent from last year's \$46,630,000.

In his announcement, Mr. Hogan said that the company has now reported fourteen consecutive quarters of year-to-year earnings increases.

Mr. Hogan stated that "Standex's strength is in its diversification - the fact that some divisions are operating well ahead of a year ago, thereby helping to counteract declines in other divisions." He said that "good gains" for the six months were produced by all Product Groups except Consumer Products. Profitability of the latter Group will improve with the recent liquidation of the unprofitable Norwegian cookware facility "on a favorable basis." While Standex's domestic electronics unit has been hurt by conditions in the automotive and color TV industries, Comtelco Limited of England, manufacturer of electronic products for the telecommunications industry, has made material progress, Mr. Hogan stated. Comtelco's product has met with immediate acceptance by its major initial customers, he added.

Standex's book value currently amounts to \$22.50 per share and the company is in a strong financial condition, Mr. Hogan said. Capital expenditures in the new calendar year will be under \$4 million, a decrease from last year's \$6 million. He added that all divisions have undertaken intensive programs to improve

productivity, reduce inventories, and trim the labor force. The number of employees has been reduced by about 15 per cent through attrition or by layoffs since the beginning of the current fiscal year.

Standex is a diversified manufacturer operating in four basic growth areas: Consumer Products; Institutional Products; Graphics; and Industrial Products.

Appointed Director At College

The appointment of Elizabeth R. Allgeier as director of advising, counseling and career development at Alma College has been announced by Dr. Ronald O. Kapp, provost of the college.

Mrs. Allgeier, a native of Andover, will begin her new duties on Jan. 6.

She holds a B.S. degree from the University of Oregon and an M.A. from the State University of New York in Oswego and has also studied at Syracuse University and Purdue University.

Mrs. Allgeier is presently completing work for a Ph.D. at Purdue, is involved in an attitudinal research project and is teaching introductory psychology in Alma College's Continuing Education Program.

Improved Instruction Is Topic

Improvement of instruction was the main topic under consideration at the annual Principal - Unit Leader Workshop which was held Jan. 23 and 24 at the Christian Formation Center in Andover. Attending were 80 principals and teachers from 13 individually Guided Education (IGE) schools in the towns of Andover, Chelmsford, Lawrence, Littleton, Fitchburg, Methuen, Tewksbury, Westford and Wilmington.

Individually Guided Education is a system of school management developed by the University of Wisconsin and the Kettering Foundation which is designed to accommodate individual differences among students and to build a capacity for continuous self-improvement among teachers and administrators.

Each IGE school is divided into instructional units headed by a teacher who serves as a Unit Leader. The Unit Leaders and Principal of each school comprise a Program Improvement Committee which meets weekly to work on evaluation and improvement of the quality of instruction.

All of the IGE schools in this area are joined together in an organization known as Project League which is administered by the Merrimack Education Center in Chelmsford. Once a year, un-

der the sponsorship of Project League, the principals and unit leaders from these schools get together for two days to share ideas in a workshop similar to the one held last week in Andover.

At the workshop last week, Dr. Pat Barbarelli, a professor at Fitchburg State College, gave suggestions on ways in which the unit leaders could work with their fellow teachers to help improve instruction. Dr. Leslie Bernal, Associate Director of the Merrimack Education Center, discussed alternative ways of teaching designed to help meet the needs of more students.

Also on the program was Joseph R. Giuliano, an educational consultant for the Keene, N.H. schools, who explained various management systems which enable teachers to keep track of the needs of students as well as their academic progress.

Project League Facilitator William Hassey of the Merrimack Education Center ran the workshop and helped the participants plan future League activities.

To the Editor of the TOWNSMAN:

It is not too soon to remind the organizational leaders in this community that Town Meeting begins Monday evening, March 31 and will, in all probability, continue for the first two Mondays in April. Each year it is dismaying to read announcements of other meetings and events scheduled on Town Meeting nights - often sponsored by civic-minded organizations. The League of Women Voters would like to encourage a town-wide effort by all groups and organizations to ensure that these Monday evenings are kept free for town business.

Advisory Council Forming

Congressman Paul Tsongas (D-Lowell) had announced formation of a nine member Citizens Advisory Committee on Oil Refinery Proposals.

"It is long past time that we remove this shroud of secrecy from oil refinery proposals," Tsongas stated. "This citizen's board will be given the task of studying proposals, interviewing knowledgeable officials, and letting the public know where oil refinery development stands."

Five members of the Citizens Advisory Committee will be named by officials of cities and towns which would be most affected by refinery development. Tsongas has asked Lowell City Manager Paul Sheehy, Lawrence Mayor John Buckley, the Andover and Dracut Boards of Selectmen, and the Methuen Town Council to each choose one Committee member.

The remaining members of the panel would include "persons who have expressed an interest in the refinery and are committed to the public's right to know," according to Tsongas.

The Tsongas appointments include, Dr. Joseph Lipschitz of Tewksbury, a professor at Lowell Tech and a member of the Tech Oil Refinery Study Group; Thomas Salem of Dracut, a Raytheon employee and Chairman of the Dracut Industrial Commission; Richard Williams, an Arthur D. Little consultant from Lowell; and Caroline Gettings of Methuen, Methuen Energy Committee member and League of Women Voters Energy advisor.

"The oil refinery issue must be faced realistically, and this is the proper time," Tsongas said. "The Citizens Advisory Committee can best achieve the goal of filling the public in on what's been going on for the last two years."

The first term Democrat said he hoped the citizen's group could hold their first meeting by late February or early March.

For Those Of Us Who Are Older

Beginning next Monday, Feb. 3, the luncheon program for Andover's senior citizens will be served at WEST ELEMENTARY School at one o'clock. As usual it will cost fifty cents and you should notify The Haven the day before you intend to participate, but otherwise there will be a change of scenery and transportation to the school will be available from The Haven. The West Elementary School is bright, new and cheerful. Plan to join the group next week.

Our thanks to all those talented "over-60" citizens who made the talent display at Andover Savings Bank such an outstanding event. It was an imposing array of lovely crafts and hobbies.

Don't forget to get your reservation in right away for the Ice Follies. A group from The Haven will be going in to Boston Garden Feb. 19 to enjoy the show. Cost of ticket and transportation is \$7.50. It is suggested that you bring a sandwich along since the bus will not stop for lunch and will leave The Haven at 11:45. Coffee and light refreshments are available at the Garden. Tickets are going fast. Don't be disappointed. Sign up now.

What Our Readers Say-

To the Editor of the TOWNSMAN:

In a recent issue of the Andover Townsman I read that Town Manager J. Maynard Austin does not recommend a transfer of the Town Hall to the Sacred Heart School site in Shawsheen Village. His recommendation was forwarded to the board of selectmen to study and evaluate same. We sure hope the selectmen will see eye to eye with Manager Austin on this.

A lot of folks who have lived in Andover most of their lives plus others born here will commend Manager Austin for his stand in not wanting to change the site of our Andover Town Hall. His stand on this issue increases his capability in the knowledge of what Andover needs in the best interest of its citizens and town.

When one enters our Town Hall which happens to be a landmark and looks at the seal of Incorporation of Andover as a town on May 6, 1646 inserted in the floor - a work of art it impresses one - also our visitors in town.

Our Town Hall building is well structured but renovations need to be made as we are all aware of. When they are completed we will have a beautiful building which will be an asset to our town - the beauty of it all is that it is in the center of the town where it should be. It will include plenty of offices to conduct the official government for the Town of Andover.

In past years it seems Andover was run by people who took time out to study what was best for our great town and its citizens. Thru their dedication and forethought preserved our good

Our Water

The selectmen, as the town's water commissioners among other odd and sundry official duties, are faced with a problem which would appear to gain in complexity as time goes on.

What to do with the new found "wealth" created by the opening of the water treatment plant is going to beset the board until such time as some firm decisions are made to its application of meeting needs of surrounding towns.

Tewksbury officials were told this week that Andover would certainly answer needs which were emergency in nature, but any permanent feed to the town from Andover's water supply to Tewksbury would appear out of the question.

The neighboring town is but one of several looking longingly at Andover's potential as a supplier of water. Wilmington, Methuen, North Reading are among others. Already connections exist to supply North Andover and Lawrence.

Back several weeks ago, an industry approached the

town with the possibility of locating here, providing the town could supply process water in great amounts. The selectmen frowned upon the proposal and the industry is apparently looking elsewhere.

With a known capacity of operations of the treatment plant, and an estimate of the town's needs, the town's administration must determine if it can supply other communities, and also determine an equitable rate for sale of the water.

There is also to be determined the moral obligation to serve neighboring communities from a plant which was built with federal funds provided due to regional considerations.

The selectmen and administrators must determine in what direction this regional obligation, if any, proceeds.

As mentioned previously in these columns, the treatment plant solved Andover's water problems, but it likewise created some unanticipated circumstances which need some prompt policy action.

Obligations

As of July 1 of this year, Andover residents will be paying a sewer use charge, based on facts and figures now being studied by the selectmen, town manager and public works department.

Thinking at the moment is that those who are on sewer lines will have to pay the cost of operations of the sewer department, in a manner which has made the water department a self-sustaining part of the municipal management.

One item which is still under study by administrators is whether the entire community should be asked to pay the capital costs of the Greater Lawrence Sanitary District plant.

Argument has been made and is valid that only those on the sewer line should be assessed the costs of this

operation of town services. Those on septic tanks would be exempt and thus some equality exercised in assessment of municipal costs.

But, we think, the community as a whole should contribute to the construction of the Greater Lawrence plant.

This facility is a regional one, which is aimed at cleaning up the Merrimack River. Frankly, we all have had a part in destroying the river, thus should bear the burden of cleaning it up and making it an asset accessible to all.

Maintenance and operation costs will still be applied to the sewer use charge in the town. Only the construction costs of the Greater Lawrence Sanitary District Plant will be borne by the entire town and this seems a fair assessment in light of regional obligations.

The Turnout

Needless to say, we are pleased to see the final turnout of candidates for town office, as indicated by the filing of nomination papers last Monday afternoon.

A week ago, there was, as we indicated, a dearth of candidates, in a year when, at that time, there were no incumbents seeking re-election to either the board of selectmen or school committee.

Since that time, with four days remaining before the Monday deadline, there was a rush to the town clerk's office, with the result that there are now sufficient candidates for both positions available on the school committee and the one seat open on the board of selectmen.

We applaud the interest shown by those who have taken the time to indicate their interest in serving the town.

While school issues seem to predominate the municipal scene in Andover, it is important to realize that the selectmen oversee a multi-million dollar operation and establish policy which effects the lives of all Andover citizens.

Schools are important, but there is more than public education to consider when an annual election and town meeting rolls around.

With a sufficient turnout of candidates, there is now ample opportunity in the weeks ahead to examine the issues and make an adequate determination of who would best serve Andover in its municipal family.

A week ago we wondered in these columns if anybody really cared about Andover and its future.

As of Monday, we feel more assured.

Off The Top Of The Desk

We might take appropriate note of Governor Dukakis and his dealing with demonstrators who camped outside his Brookline home on Sunday.

The protestors failed to win an audience with the governor, despite their remaining outside his home for several hours.

Monday, the governor noted that his office and those of the members of his administration were open to such groups and that they would be accorded audiences, but he would not respond to group camping outside his doorstep.

The governor exercised good judgment.

It might be a bit of a jinx to mention it, but just think, another winter month is about to end and the roads have been relatively clear.

Even a tough February can be tolerated now, we think, judging from the extent of the winter weather to date.

Skiers please refrain from commentary with regard to our feelings.

"Mr. President...

You have indicated you favor a \$3 per barrel tax on imported oil. May I say that this action would be but another nail in the coffin of the already financially overburdened consumers of New England. The tax could raise oil costs to consumers of heavy industrial oil by more than \$450 million per year . . . half of the increased costs would be borne directly by electric consumers. Let me reiterate my strong opposition to any tax which would cause a greater economic hardship for New England."

These are just a few of the comments from a telegram sent on January 6, 1975 by the President of your electric company to President Ford. The telegram is one small example of our continuing and aggressive effort to hold down the rising costs of making electricity.

Opposes Plan To Pick Judges

State Senator William L. Saltonstall (R-Manchester) today took issue with the judicial selection plan now before the legislature as a constitutional amendment. "In my opinion the plan fails on three important counts," Saltonstall stated. "First it removes the governor from full accountability for his appointments, second it makes the politics surrounding judicial appointments less visible, and third it fails to provide an adequate check on the governor," the Essex County senator ex-

plained.

The plan presented by Governor Dukakis calls for an amendment to the state constitution to abolish the elected Executive Council and the appointment by the governor of an eleven member judicial nominating commission. The governor would be required to make his appointments from a list of names submitted by the nominating commission.

On the question of accountability Saltonstall said, "It is perfectly appropriate for a governor to ask for recommendations or advice before or after making a preliminary choice, but the final choice should be his full responsibility. This responsibility should not be delegated to a non-elected body. Individual governors are free to establish judicial nominating commissions to aid them in making their appointments, as Governor Volpe, Governor Sargent and Governor Dukakis himself have done, but this kind of commission should not be cemented into the constitution."

To Present Concert Of American Music

On Sunday afternoon, Feb. 2, at 3 p.m. in the Addison Gallery at Phillips Academy, the first of a two-part series of American Music Concerts will be presented. These concerts are sponsored by the Addison Gallery of American Art and the Phillips Academy Music Department. They are part of a project of American Music and Art, undertaken by Susan Clark, curator of the Addison Gallery, and William Thomas, instructor of music.

The first concert deals primarily with early American music. Works by William Billings, James Hewitt, John Antes and Lowell Mason will be performed. Sally Slade Warner, the Phillips Academy Record Librarian, will play Hewitt's "Battle of Trenton," a programmatic piece for keyboard, depicting the events of this famous battle and dedicated to George Washington. Also included is a very interesting work by John Antes, the famous American Moravian composer. It is his "Trio Number 3 in C major." This work will be performed by Seth Lloyd, flute, P.A. '78, Susan Lloyd, violin, instructor of history, and William Thomas. Antes wrote this piece while he was a missionary in Egypt; it was later published in London.

The program will be rounded off by the performance of works by William Billings, Lowell Mason, and several selections from the vernacular traditions. These works will be performed by the Fidelio Society, under the

direction of Christine Johnston, instructor of music. The Fidelio Society is a small group of selected singers made up of students from the Academy.

The public is cordially invited to attend both this concert and

the following one on Feb. 9, 25 which will be primarily dedicated to the works of Stephen Collins Foster.

N.E. Power To Challenge Import Fee

New England Power Company (NEPCO) announced today that it will file suit Monday in Federal District Court in Washington, D.C., challenging President Ford's new oil import fee program. NEPCO supplies power to the more than one million customers in New England served by Massachusetts Electric Company, Narragansett Electric Company and Granite State Electric Company.

In commenting on the suit, Guy W. Nichols, president of New England Power, said, "We are taking legal action to block what could be a fatal blow to our customers who have been under severe economic pressure since the beginning of the energy crisis. We are totally committed to putting an end to the discriminatory federal policies which have placed such an outrageous and unjust burden on our customers."

Nichols went on to say NEPCO will be joined in the suit by Congressman Robert Drinan and several other utilities. "We are pleased," Nichols said, "that Congressman Drinan and the other utilities have joined in this action. The consumers in New England have stood together in accepting the economic hardships imposed by the energy crisis. On their behalf we welcome all support for our efforts to block higher fuel costs."

Record Earnings At Raytheon

Raytheon Company has reported record earnings in 1974 of \$3.85 a share, compared with \$3.03 a share in 1973.

The company's net income rose 25 per cent on a 21 per cent sales increase.

In 1974, Raytheon had net income of \$57,751,000 on sales of \$1,928,855,000. The comparable year-earlier net amounted to \$46,162,000 on sales of \$1,590,461,000.

The 1974 sales, net income and earnings per share were all record highs.

Per-share earnings are based on average number of common shares outstanding: 15,001,560 in 1974 and 15,217,912 in 1973.

President Thomas L. Phillips stated that the 1974 improvements were largely attributable to growth in the company's energy and government systems businesses. "These areas continue strong with a good backlog going into 1975," he said.

Mr. Phillips also stated, "While the market for consumer appliances softened with the economy as 1974 progressed, our Amana subsidiary went against the tide. Increased sales in freezers and microwave ovens were largely responsible for Amana's improved sales and earnings."

In the fourth quarter of 1974, Raytheon earned \$14,453,000 or 96 cents a share on 15,014,122 shares. Comparable year-earlier earnings were \$10,942,000 or 73 cents a share on 14,962,140 shares.

Fourth-quarter sales were \$531,999,000 in 1974 compared with \$437,636,000 in the prior year.

Total company backlog was \$2,647,234,000 at the end of 1974 and \$1,421,112,000 at the end of 1973. The U.S. government-funded portion of the backlog amounted to \$644,590,000 at the end of 1974 and \$653,256,000 at the end of 1973.

Raytheon's provision for federal and foreign income tax in 1974 amounted to \$46,129,000, which compared with a 1973 provision of \$39,436,000. Fourth-quarter tax provisions were \$9,767,000 in 1974 and \$9,927,000 in 1973.

**Enjoying
A Winter
Interlude**

Tips For Tastier Vegetables

For a tastier vegetable, cook at high temperatures for a short time, says the Massachusetts Department of Agriculture. Each kind of vegetable requires a different cooking time. Cooking by steam, either in a tightly covered kettle, a pressure saucepan or a steamer, retains about 75 per cent of the Vitamin C. When cooked in boiling water, 60 per cent is retained.

Trimming of vegetables may be necessary to remove damaged leaves or inedible material, but, should be held to a minimum. As a general principle, outer leaves, if good, should be used because they generally are dark green and contain more nutrients than inner leaves. Fibrous parts of leaves such as stems and ribs are generally not only less palatable, but, have less nutrients than the leaf blade. It is reasonable, therefore, to discard these parts if desired. The leaf blades of collard greens, for instance, have thirty times as much Vitamin A as an equal weight of the mid-rib.

Notice the difference in price between various egg sizes. If there is less than 7 cents between two consecutive sizes, the larger size is a better buy.

One dozen large eggs weighs 1½ pounds or 24 ounces, in the shell. If the large eggs are selling for 60 cents per dozen, it is equivalent to 40 cents per pound, which is very reasonable for a pound of protein-rich food. A serving for two, weighing ¼ pound would only cost 10 cents.

Make a weekly list of ways that you can help control inflation. Controlling waste is a big savings and it starts at the cash register.

Cut down a little on the amount of food you purchase omitting sweets and other unnecessary items.

Become aware of the amount of waste discarded after a meal.

Use left-overs as an ingredient for a dish to be made for another meal.

Onions On List Of Top Buys

Onions, the multi-purpose vegetable, will be in plentiful supply throughout January. The tears you shed peeling onions will not be over the price, because they will be on the top of the Best Buy list.

When purchasing onions look for those that are well shaped and have skin dry enough to crackle. Other signs of quality are thin necks and bright hard bulbs.

Do not store onions near potatoes because the moisture from the potatoes is absorbed by onions.

Your nutritive intake has been easier to count because of a system devised by the Department of Agriculture called the Recommended Dietary Allowance or the R.D.A. is based on a person weighing 125 pounds, so, if you weigh 170 pounds, you need 35 per cent more protein and if you weigh 100 pounds, you need 20 per cent less protein than the person weighing 125 pounds. Females and males weighing the same require the same amount of protein.

Beef and other red meats are an excellent source of protein. We consume 116 pounds of beef per year.

Gardeners To Meet Tuesday

Enjoy "June in February" at the Andover Garden Club's Feb. 4 meeting to be held at the Andover Country Club. Coffee will be served at 9:30 a.m. by hostesses Mrs. David Fleming, Jr. and Mrs. Michael Fosco.

Mrs. E.P. Hammond, a teacher at the Audubon school for the past several years, will discuss in detail the delicate art of garden and wild flower preservation. This art is as old as time. History reveals that flower preservation was practiced in Egypt then later spread to Greece and India where the preferred desiccant was the sands of the sacred Ganges. In more recent times, preserved flowers were used to decorate the finer homes in colonial America; the art was also well-known in Victorian times.

Mrs. Hammond will not only treat the eye with many lovely floral samples but will also reveal her successful preserving technique in this delicate art emphasizing the dos and don'ts in achieving beautiful results.

Mrs. Thomas Stark and Mrs. Arthur Collins will present the Mini Talk, "A Collection of

Herbs for a Sunny Windowsill." Flowers on the coffee table will be arranged by Mrs. Jerald Hartrich.

Garrett Production To Open

One of the most unlikely places for the scene of a comedy is the setting of "On the Flew Over the Cuckoo's Nest," the third attraction in the 13th season of Lawrence's award-winning Garrett Playhouse.

A great success in New York, San Francisco and Boston, where it became that city's longest running play before it closed last spring, "Cuckoo's Nest" will be presented by the Garrett beginning Friday, Jan. 31 and continuing on Feb. 1, 2 and 7, 8, 9 at the Garrett Playhouse in Lawrence, Mass., 41 Knox St.

"Pinocchio" Tickets Available

As a special event during the February school vacation, Andover A.B.C. (A Better Chance) has arranged for a bus to Boston and a block of seats for the Boston Children's Theatre production of "Pinocchio".

The Children's Theatre stages a number of productions during the year that are especially appropriate for elementary age children. The plays are professionally staged and directed, with a cast entirely made up of children. This performance at New England Life Hall will take place on Thursday, February 20. The bus will leave from East Jr. High School parking lot at 12:45 p.m. and return there at approximately 4:30 p.m.

Tickets cover the bus and theater price. Since there are only 50 tickets available, interested persons should call Mrs. John Logan, 25 Marilyn Road, or Mrs. Glenn Cunningham, 24

Wolcott Ave. for reservations as soon as possible.

The arrangements for the trip have been made by the Special Fund Raising Events Committee for Andover A.B.C., the program which sponsors 19 educationally disadvantaged young men and women who attend Andover High School.

Forum On Equal Rights

Roberta Benjamin, Head of the Equal Rights Coalition in Massachusetts when it was ratified, organizer of the Womens Political Caucus in Massachusetts and past president of National Organization of Women in Massachusetts, member of the Governors Council on the Status of Women, will speak on the Equal Rights Amendment.

The meeting is being sponsored by the Andover League of Women Voters and the Andover Women's Center on Thursday, Feb. 6, at 7:45 p.m. at the Unitarian Church at 244 Lowell St.

The proposed Equal Rights

Amendment to the United States Constitution is expected to be ratified this year. Only five more state legislatures must ratify it before it becomes part of the Constitution. Then the states will have two years to modify their laws to conform with the Amendment.

The public is invited to the

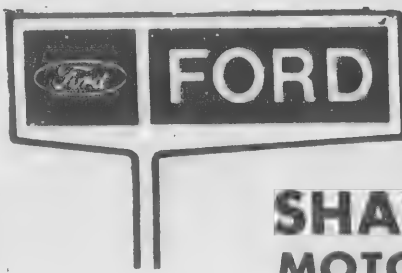

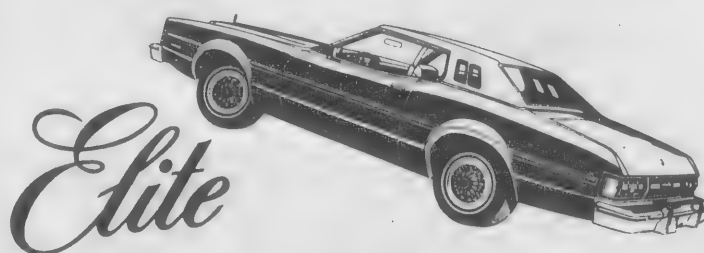

meeting. There will be a question period after the presentation.

The recommended daily amount of protein for a man is about 70 grams, and 60 grams for a woman. On the average, U.S. citizens are eating 100 grams (about four ounces) of protein, daily.

Children's Room News

By Jan Johnson

We have had a marvelous turnout for Films on Friday, the last two weeks. Won't you join us for our specially planned pre-school film programs on Fridays? The same 35-45 minute program is shown at 10:30 and again at 2. This week (Jan. 31) we present *The Babysitter*, *The Happy Owls* and *A Letter to Amy*. Everyone is welcome. Parents, please plan to stay with your children.

Children in grades 1-6 will want to mark Feb. 7 on their calendars because at 3:30 we will be celebrating the Chinese New Year. Officially, the New Year begins on Feb. 11 but we are celebrating here a little early so you'll be able to do it right at home. Mrs. Winnie Shen from the library staff will explain Chinese New Years customs, and will share stories and games too. Tell your friends because this is a chance you won't want to miss.

During February vacation we will hold two workshops for children in grades 1-6 to learn how to make films without using a camera. Mrs. Carol DeLeire

will work with the children on Tuesday and Thursday mornings at 10:30 until 12. Children must be able to attend both sessions. Please register your child at the circulation desk in the Children's Room by Feb. 14 so we can have enough supplies.

Other vacation programs are also planned. Watch this spot for more details.

PUBLIC NOTICE NUMBER: MA-161-75

PUBLIC COMMENT PERIOD:

February 6, 1975 - March 10, 1975

PERMITTEE INFORMATION

PERMITTEE NAME: Converse Rubber Company, Converse-Tyler Division Plant

MAILING ADDRESS: 10 Railroad Street, Andover, Massachusetts 01810

APPLICATION NUMBERS: State No.: 427, Federal No.: MA0003573 (07Y0003000093)

This facility is engaged in the manufacture of 7500 pairs per day of canvas-rubber footwear (SIC 493). The application pertains to four existing discharges (average flow is 587 million gallons per day), consisting of non-contact cooling water and boiler blowdown to the Shawshen River, a Class B water, adjacent to Railroad Street at Andover, Massachusetts. The permit requires the permittee to maintain the present quantity and quality of the discharges. The permit will expire March 1, 1979.

PROPOSED MODIFICATION

The proposed modification increases the allowable flow for discharge 001, eliminates discharges 003 and 004 which are now connected to the municipal sewer, authorizes the sporadic use of a new outfall, discharge 008, previously unreported (Discharge 008 - average flow of 1700 gallons per day, maximum temperature of 83°F).

TENTATIVE DECISION ON PROPOSED PERMIT MODIFICATION

The Regional Administrator and the Division Director have made a preliminary finding that the modification requested by the permittee will not violate State water quality standards and applicable provisions of the Federal Water Pollution Control Act as amended in 1972 (FWPCA) and have made a tentative decision to grant the modification requested.

FURTHER INFORMATION

Additional information relative to the proposed permit modification may be obtained by writing the Environmental Protection Agency at the address given below or by calling (617) 223-5061. The complete application, permit and other information are on file and may be inspected at the EPA or DWPC, Boston offices. Copies may be obtained at a cost of 20¢ per page from 9:00 a.m. to 5:00 p.m., Monday through Friday, at the EPA office.

PUBLIC COMMENTS/PUBLIC HEARINGS

Public comments on the proposed modification are invited and should be submitted in writing prior to March 10, 1975 to either the DWPC or EPA, Boston offices, at listed addresses above. Prior to such date, any person may submit a request in writing to these offices for an informal public hearing to consider the proposed modification. A hearing will be held only if response to this notice indicates significant public interest. The application numbers should appear on the envelope and on the first page of any submitted comments. All comments received prior to the above date will be considered in the formulation of the final determinations.

Following the thirty (30) day comment period, determinations will be made by the Regional Administrator

of the EPA and the Director of the DWPC with respect to each permit modification. Where determinations remain substantially unchanged from the proposed permit modification prepared, the Regional Administrator and Director will forward a copy of determinations to any person who has submitted written comments regarding the permit modification. Where determinations are substantially changed from the proposed permit modification prepared, the Regional Administrator will provide public notice of such determinations, including a mailing to interested persons, as well as those persons submitting written comments. Persons who feel that they wish to request a formal adjudicatory hearing on the matter of the final permit modification should file written comments during this thirty (30) day comment period.

Within ten (10) days of the date of receipt of the final determinations, any interested person may request an adjudicatory hearing of the Regional Administrator in accordance with the provisions of 40 CFR ss125.36 (b) and (c), 39 FR 27081. A similar request should also be filed with the Director within thirty (30) days of the date of receipt of the final determinations in accordance with the provisions of the Massachusetts Administrative Procedure Act and the Division's Rules for the Conduct of Adjudicatory Proceedings.

Thomas C. McMahon, Director, Massachusetts Division of Water, Pollution Control.

Jeffrey G. Miller, Director, Enforcement Division, Environmental Protection Agency.

To Serve Tewksbury In Emergency Only

The town of Tewksbury will be able to use Andover water on an emergency basis but there is little hope the new treatment plant will offer a permanent solution to the neighboring community's supply problems.

The Andover selectmen Monday night, approved the supplying of Tewksbury with water in times of emergency only, with a rate for the gallonage to be determined.

But, Chairman Milton Greenberg told Norman Boudreau, chairman of the Tewksbury selectmen, "your chances of a permanent connection are dim." The requests for water from the Andover treatment plant from other communities as compared to the supply and capacity of the local plant is a major consideration of the board, Greenberg said.

Tewksbury officials indicated that they are in the process of studying their water problems, with one solution being the construction of a treatment plant similar to Andover's on the Merrimack.

At present a section of the neighboring town is in difficult straits due to the low level of the Tewksbury well supply.

In response to concerns ex-

pressed by the Andover selectmen relative to a housing development by Tambone construction company at Andover's border, the Tewksbury officials said that Andover water would not be used in this area. The housing development is on the opposite side of the town, far removed from the connection which will be made off a line near the Allied Chemical Co., off Dascomb Road.

Town Manager J. Maynard Austin said that it is common to have permanent connections installed on the border of com-

munities and that such facility works two ways, should Andover need water at some future date.

Permanent connection now exists between the city of Lawrence, and the towns of North Andover and North Reading with the Andover lines.

Among other requests facing the board, are Wilmington and Methuen, who would like to tap Andover's water resources.

Tewksbury officials emphasized that the Andover water use would be only at times of emergency and that the community would be alerted as to when the need was imminent.

The request was for 250,000 gallons per day maximum. Annual request would not exceed 15 million gallons.

Boudreau indicated that at certain times of the year, the situation in Tewksbury is critical with only sufficient supply for two hours of fire fighting ability at these periods.

It was ultimately decided to allow the emergency use and also to formally notify Tewksbury of Andover's intent not to become a permanent supplier, in order that the officials may present the facts to town meeting.
